Dear Ms. Richardson:

We have been in communication with the Special Districts Section of the Los Angeles County Engineer's office in connection with the withdrawal of areas annexed to your city from several districts. As you know, some of your resolutions refer to districts that do not exist within the particular annexations named in the resolutions. This situation applies to Resolutions Nos. 3122, 3123, 3124, 3125, 3136, 3137 and 3150.

Resolutions Nos. 3135, 3138, 3146 and 3147 apparently cannot be processed as they were adopted after the one year's span of time permitted by Section 13952 of the Health and Safety Code. It is our understanding that the intent of these resolutions will be fulfilled by detachment proceedings under the District Reorganization Act of 1965 later this year.

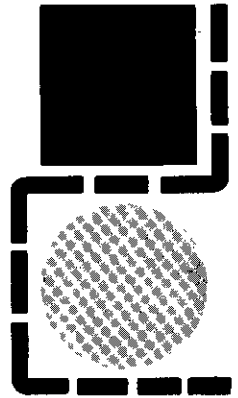

One effect of the above recitation will be to reduce the amount of our processing fees for the time being. We are therefore returning your Warrants Nos. 14488, 14778 and 15032 herewith. At this point in time, Resolutions Nos. 3120 and 3121, 3139 and 3140, 3145, 3148 and 3149 appear to be the only resolutions that will have an effect on our records. Shown below is a schedule showing the fees that we believe to fairly represent our processing costs. In the resolutions listed in this paragraph, there are two pairs that pertain to the same particular annexation. As the same geographic area is involved with each pair of resolutions, we cannot in good faith charge the full fee for each resolution of a pair. We have, however, expended far more time on this group of resolutions than is normal, and our draftsmen have not even seen them yet. The fees are supposed to cover our actual costs, so we are asking that you submit a fee of \$10.00 for the second of each pair of resolutions that pertain to one particular resolution.
